Freemasonry in Middlesex

New Applications for Membership & Unknown Joining Members Charter

Our key values: Integrity, Respect, Friendship and Charity

From when your interest is made known to us

Within one working day.

Our Provincial Membership Officer (PMO) will contact you via the same medium that you contacted us, e.g., email.

You will be asked to complete and return a membership enquiry form.

After you return the completed form identifying your preferred Masonic Centre the following timeframes will apply

Within ten working days

The Centre Membership Team Leader (CMTL) or one of his team at the Masonic Centre of your choice will arrange to meet with you at a mutually convenient time and place to discuss (informally) your interest in Freemasonry.

He will answer any questions that you already have, provide an overview of Freemasonry and Freemasonry in Middlesex, and explain the membership process. If you are interested in proceeding with your application, he will guide you through a filtering process to identify a suitable Lodge with whom to progress your application.

Within twenty days

You will be contacted by the Lodge of your choice normally by the Lodge Secretary or Lodge Membership Officer (LMO) who will arrange for you to meet other members of that Lodge.

There will be multiple opportunities to meet different members and to attend social events with your family (if applicable) so that you get to know the Lodge and they get to know you.

Within six months

When you are ready the Lodge will invite you to formally submit your membership application and you will be invited to attend a Meeting with the Brethren of the Lodge. This is a formal interview and marks an important step in becoming a Freemason. You will have already met some of the members but at this time you may meet others who will ask you questions about yourself and your interest in joining.

Within twelve months

From here a date will be set for your joining ceremony from where your Masonic Journey will then continue. If we fail to maintain these standards or things do go wrong and there is a delay longer than these timeframes contact should be made with the Provincial Membership Officer (details shown below).

The Provincial Membership Officer should contact you within forty-eight hours of your email. If, however, you have not heard from the Provincial Membership Officer within forty-eight hours; contact should be made with the Provincial Grand Secretary (details shown below). The Provincial Grand Secretary will contact you within forty-eight hours of your email.

Feedback, Suggestions & Comments

We value your feedback of compliments, comments, and suggestions. These could be about a positive experience you have had or a comment or suggestion on how we can improve our services. These should be sent by email to the Provincial Membership Officer whose details are shown above.
